2650	I am glad to see the development of more entertainment amenities in southeastern Loudoun county, and I just want to reiterate support for the proposed shopping/dining/movie theater development at Avonlea. Our closest movie theater to South Riding is Brambleton, and there are very few nicer restaurants to take out-of-town family to in the South Riding/Avonlea/Aldie area. The project seems to have been delayed for over a year, so I hope the construction continues to proceed. I know the county has limited power over private development, so this is mostly just a vote in support of the project in general. I am very happy with the widening and extension of Tall Cedars Parkway to Gum Springs Rd. Thank you for supporting the coming development and making our area more entertainment-friendly.	Lifestyle		General amenities/attractions	
2681	Provide more in-county destinations	Lifestyle		General amenities/attractions	
2683	An outdoor destination like Grounds for Sculpture in Hamilton, NJ. http://www.groundsfor Sculpture.org/	Lifestyle		General amenities/attractions	
2759	Continue to bring sports and amusements to eastern Loudoun to bring returnable income into the county.	Lifestyle		General amenities/attractions	
2820	The western end needs to have more things to do besides alcohol related venues. A movie theater; an indoor pool; a bowling alley...any of these amenities will help.	Lifestyle		General amenities/attractions	
2828	theme park	Lifestyle		General amenities/attractions	
2830	lack of amenities in western Loudoun. it would be nice to have a library in round hill and a community / senior center.	Lifestyle		General amenities/attractions	
2855	Organic grocery stores, pick your own gardens, to offer truly organic foods at an affordable price. Too many Harris-Teeters.	Lifestyle		General amenities/attractions	
2944	Acquire the Loudoun Hounds baseball team.	Lifestyle		General amenities/attractions	
2968	Two innovative and increasingly popular movements that contribute to less waste and more sense of community: The Library of Things movement is emerging in communities around the world. These spaces give people access to a huge spectrum of items, from board games, party supplies and tennis rackets to saws, kitchen appliances, turntables, clothing and tents, without the burden of ownership. Also Repair Cafés: Repair Cafés are free meeting places and they're all about repairing things (together). In the place where a Repair Café is located, you'll find tools and materials to help you make any repairs you need. On clothes, furniture, electrical appliances, bicycles, crockery, appliances, toys, et cetera. You'll also find expert volunteers, with repair skills in all kinds of fields.	Lifestyle		General amenities/attractions	
3017	Provide an ideal place to live through the seamless combination of upscale amenities (to include entertainment and shopping), access to those amenities (transportation options including a bridge across the Potomac), great housing, and a solid financial backing all tied together with technology.	Lifestyle	Transportation System	General amenities/attractions	Transit
3059	Add more fun things to do both for adults and families (TopGolf, iFly, area great so far). My suggestions would be: indoor amusement park with traditional rides for kids and adults along with some virtual technology opportunities (like virtual roller coasters and virtual laser tag games with the latest virtual technology). Adding these fun things to do near One Loudoun and Loudoun Station would be great. The kind of things you find out Disney, Great Wolf, and Kalahari parks. Broadway at the Beach in Myrtle Beach offers attractions, restaurants, and shops - could get some great ideas from this place: http://www.broadwayatthebeach.com/	Lifestyle		General amenities/attractions

2873	This county needs a more robust park system akin to Fairfax County. 3027	Dog parks are needed in the Eastern part of the county. As a resident who adopted a dog from the LoCo animal shelter, it concerns me that there are no public dog parks for dog owners to provide their dogs with the off leash exercise they need for their health (both the dog and the owners!). When you consider that the LoCo animal shelter accepts dogs from other jurisdictions/states for LoCo residents to adopt and care for, LoCo needs to provide the necessary amenities for these dogs and owners. Many of these dogs need off leash exercise and the typical 1/4 acre single family parcel of land, not to mention limited townhouse / condo lot sizes, is not enough space. Instead of spending loads of money on a new and improved LoCo animal shelter, how about spending some money on dog parks to help owners keep dogs healthy and out of the shelter (i.e. surrendered by owners because the dogs are not getting the proper exercise)? I am aware that Loudoun One has a dog park, but the signs at that park indicate it is for residents only. Cascades HOA has not been able to figure out how to put a dog park in Cascades. Meanwhile, adjacent to Cascades is a VERY LARGE park, Algonkian Regional Park managed by the Northern Virginia Regional Park Authority. Surely LoCo government and NVPA could find a way to add a dog park amenity. Remember the tragedy of the LoCo resident who was walking her dog off leash in Algonkian Park and the dog was shot and KILLED by a resident with a gun? A dog fenced dog park would provide a place for the off leash exercise dogs need.	Lifestyle		Park and Recreation Amenities	
3030	Install Some Parks and Playgrounds. My kids attended Round Hill E.S. For 10 years I was a parent there and they had one piece of playground equipment that kids were never allowed on! Our community Center playground was removed except for tiny tot stuff. With suicide a growing problem in the schools and communities out here in the Western county, it highlights even more the need for outdoor spaces, parks and playgrounds for residents to get outside and connect with one another. I have never seen anyplace that is so lacking in outdoor recreation space as Western Loudoun. Where is the giant wad of Tax money we have paid over 20 plus years gone? The Bluemont area needs a playground badly. Not a tot lot for goodness sakes, a real playground!! These kids out here deserve it after these long long hours on the bus each week. It would help the current mental health crisis going on too.	Lifestyle		Park and Recreation Amenities	
3043	Integrated Equestrian Trail - There are a number of commercial barns and parks that can be interconnected via trails. This would promote the equestrian industry in Loudoun.	Lifestyle	Environmental and Agriculture Heritage	Park and Recreation Amenities	Rural economy

3140	I would like to see a large dog park in or close to Algonkian Regional Park. Many people enjoy the trails back by the river and let their dogs off leash to enjoy some good exercise. My dog, Macie, was recently shot and killed by an individual that had very poor judgement in discharging his gun in a public park. The immediate community was outraged and many people fear for their animals now and are at a loss as to where they can adequately exercise their dogs in safety. There is also space at the Potomac Lakes Sports Plex. They built three horse shoe pits near the playground. In the past 15 years I have not witnessed anyone using them and I am in that park twice daily, each and every day. Why not use that space for a nice dog park?	Lifestyle		Park and Recreation Amenities

3515	Loudoun is in need of a fully accessible park for all citizens. Our young and old alike, who are differently-abled, should be able to navigate a wheelchair through the park as well as have uniquely designed play equipment. A wheelchair swing would be wonderful! I would love to see something like Clemijoyntri that is in McLean in Loudoun. I would improve upon it by using solar panels to assist in operating it and offering more learning opportunities on the site. 477	online	At the moment, Loudoun County is a fast paced living environment. People are goal oriented, which is a positive attribute, however, a lot of Loudoun's natural beauty is missed in the midst of this tunnel vision towards one's goals. An increased number of dog parks and tick control in our already established parks and hiking trails would encourage people to get outdoors more. We should appreciate the county for more than it's immediate resources - close to DC, grocery store everywhere you turn, big highways to travel. We should appreciate Loudoun for it's beauty and the nature that was here before us. This would help the community relax and de-stress as a whole. When it becomes the norm to take a hike with the family or to spend Saturday morning at the dog park I think that's what success looks like. Success would be to see others step away from work and electronics to enjoy each other outside.	Lifestyle
